CLUB MEETING

The next meeting of the Green Bay Mike and Key Club (2nd THURSDAY of each month), Will be held on MAY 12, 1994, at 7:30 p.m. - in the Media Services area of the J. M. Science building (room 223) at St. Norberts College.

GUESTS ARE ALWAYS WELCOME

****

MEETING MINUNTES
APRIL 14, 1994

The April meeting was called to order by our President EARL KB9DSV; at 7:32 P.M. Roll call reflected 46 members; 7 guests; 4 xyl's; and 1 wfc.

Our president made a point that it would possibly be a good idea to dispense with the secretaries report at future meeting unless someone has a problem with the printing of it in the NEWSLETTER, than in that case it could be brought up at the next meeting. A motion was called for and seconded.

SPECIAL TOPIC:

MENOMINEE / MARINETTE AMATEUR RADIO CLUB'S DX-PEDITION:

Representatives from the club; SCOTT-N9JCL & TOM-K0SN gave a presentation on there clubs up and coming trip to St. PAUL ISLAND, June 10-19. The club is looking not only for support in the way of donations, but also a volunteer to go along. Starting date will June 11. for more information you can contact KEN-N9LSX;

A motion was made & seconded to contribute to the expedition; The amount was to be left up to the board.

OLD BUSINESS:

Repeater Controller; SCOTT-KB9AMM reported that the new soft ware updated has presented a new set of problems to be worked out, but everything is coming along fine. Instruction book for operation will be coming out in the very near future.

147.360 REPEATER: is operational for minimum range because it is set up with split antennas on a temporary arrangement. Suggestions are being accepted for a new location for this repeater.

SAFETY VESTS: KEN-N9LSX brought in a sample of a vest. The company will sell them to us at their cost. It was mentioned to possibly use patches from ARRL on them instead of printing. A motion was made to purchase 18 with an option to purchase more if needed. The motion was seconded.

FIELD DAY: JASON-N9PAV gave an update on field day progress. It is set for JUNE 25 & 26 at the BROWN COUNTY FAIR GROUNDS. Starting time is 10:00 A.M.

TORNADO DRILL: SCOTT-KB9AMM in his report said everything went very good. There will be more improvements on procedures and equipment to come very soon.

CLUB PICNIC: It will be on the 1ST. Saturday in JUNE (the 4 th) More information to come.

SPECIAL EVENTS STATION: At the RAIL ROAD MUSEUM during a bike-a-thon, MAY 22, 9 A.M. -- 5 P.M. If you want more info, contact TOM-KB9EWK and TONY-KF9TF. A motion was made and seconded to approved the funds for the station.

WALK AMERICA BIKE-A-THON: DALE-WB9NRK gave an update, the date is set for APRIL 30, at 9:00 A.M. / 2 to 4:00 P.M. There are more VOLUNTEERS needed to help out. If you can help contact DALE-WB9NRK -- WE THANK YOU FOR THE HELP !

INTERJECTION: From EARL-KB9DSV presented a special award to KEN-N9LSX for his work for the club that has been and continues to be ABOVE AND BEYOND the call of duty. The special plaque was designed and made by TOM-KB9EWK.

NEW BUSINESS:

David Christianson is now a silent KEY and his wife is having a rummage sale - has some ham radio equipment: The date is Saturday April 16 (we hope all went well)

EMERGENCY GOVERNMENT CO-ORDINATOR: EARL-KB9DSV brought up the appointment LISA-N9VJL. Update as of the printing of the newsletter (April 22, 1994) the appointment came for LISA-N9VJL was approved -- LET give her all of our support.

ADOPT-A-HIGHWAY: A question about how this was progressing, KEN-N9LSX reviewed what was covered at the last board meeting about how it is progressing. The sign is on order for the section of highway SOUTH on 41 by Lawrence Fire Department or down by the STATE scale ???

The APRIL 1994 meeting was adjourned at 9:10 P.M. with 50/50; FOOD; & FELLOWSHIP to follow.

SUBMITTED by LEE-N9MPU - SECRETARY,

-- FOOTNOTE --

BETTY J. & JILL C.; TOM C. & JOHN R.; BOB D. & TOM P.; SORRY PEOPLE THAT OUR MEETING INTERRUPTED YOURS!! WE'LL TRY TO BE A LITTLE QUIETER NEXT TIME !

****

FIELD DAY 1994

The annual field day event will be held JUNE 25-26 at the BROWN COUNTY FAIRGROUNDS. The pre-field day together will be FRIDAY night prior, If you wish to camp Friday evening there will be a fee. ACTUAL ! field day setup will begin SATURDAY morning at 10:00 A. M.
All licensed AMATEURS are invited to attend, and the public is welcome to observe the operation. The GREEN BAY MIKE & KEY CLUB will operate the club STATION K9EAM for 24 hours from 1P.M. Saturday to 1P.M. Sunday. We will be running 3 ALPHA, BUT still need 2 more solid state H F rigs to complete the station. ONE more station will be allowed to operate, HOWEVER it must be completely set up and operated by NOVICE & TECHNICIANS ONLY. We encourage NOVICES & TECH. to set up a station; including 2 METERS, 2 METERS SIDEBAND PACKET, and H F. Get some equipment together and give it a SHOT ! many points will be garnished by an active NOVICE / TECH STATION.

A REMINDER, field day operation allow any LICENSED AMATEUR to operate on any and all bands as long as a HIGHER class control operator is present. If you've never had the opportunity to operate H F, NOW IS YOUR CHANCE.

SUNDAY afternoon we will have a TURKEY roast. One turkey has already been donated, WE are in need of at least one more. Please bring a dish to pass to enhance the turkey roast. Everyone is welcome.

The MAY, 12 club meeting will include a presentation on the EQF logging program that will be used during field day.
Further information will be announced in the JUNE issue of KEY CLICKS. In the meantime, if you can donate a TURKEY, LOAN a radio or any other needed equipment, want to help in any way you can, or want more information, PLEASE contact JASON-N9PAV; ASAP. Keep the WEEK-END of JUNE 25-26 open for FIELD DAY '94 !! & get there early Saturday because there is going to be a family reunion in another building at the fairgrounds which is RUMORED to include 500 people,

SEE YOU ALL THERE! LISA-N9VJL

****

RAILROAD HERITAGE BICYCLE TOUR

The GREEN BAY MIKE & KEY CLUB will sponsor a SPECIAL event station in conjunction with the RAILROAD HERITAGE BICYCLE TOUR. The place is at the National Railroad Museum @ 2285 S. Broadway. The date is May 22, 1994 - The special event station will run from 9:00 a.m. to 5:00 p.m. If you are interested in helping out -- please contact TOM-KB9EWK and TONY-KF9TF. Please help this event be a susess. THANK YOU: TOM-KB9EWK

****

STATEWIDE TORNADO DRILL REPORT

Thursday, April 14, 1994 marked the test of the AMATEUR RADIO community's EMERGENCY RESPONSE capability. This was of course, the day for statewide tornado drill. As usual, the BROWN COUNTY ham community came through with a good presence for the drill. The simulated watch was issued at 1:15 P.M. and short order the regional net on the 147.120 repeater was activated by SCOTT-KB9AMM. BOB-WA9SWX called up the BROWN COUNTY net on the 147.360 repeater and accepted about 2 dozen check-ins. The simulated tornado warning was issued at 1:45 P.M. and that information was promptly passed on to all net participants. The net was closed at 2:00 P.M.
On behalf of the NATIONAL WEATHER SERVICE, SCOTT-KB9AMM and ANDY-KB9ALN we would like to thank BOB-WA9SWX for operating the BROWN COUNTY NET; liaison operator STEVE-KF9GP and all the hams who participated. We have some work to do to get to our goal of being a model SKYWARN program, but we are surely off to a good start.

****

!! SOME THINGS TO REMEMBER ABOUT THE WEATHER NET !!

1) On days when severe weather is expected, please listen to the repeater before transmitting. You might be interrupting a net in progress.
2) If you have not been trained as a SPOTTER, please use great care if you decide to report weather events. The spotters report the following, in this priority:

A) tornadoes on the ground
B) funnel clouds aloft
C) wall clouds
D) hail 1/2 inch or larger
E) winds 55 mph or higher
F) rain in excess of 1 inch per hour
G) frequent lightning (60 strokes a minute)
H) flooding & damage reports PLEASE do

SIREN TEST

REMEMBER that the siren test for the Brown County Emergency Government is conducted on the 2nd Wednesday of each month at 12:00 noon; check in for the NET is at 11:55 a.m. on the 147.120. November 1993 (newsletter) had a list of the 36 locations. Also the test are used in the EARLY WARNING system used in the SEVERE WEATHER CONDITIONS, Lets try to check in and try to get all the SIRENS tested before BAD WEATHER COMES - OK - THANKS.

not report light rain, dark clouds, sunshine, or that it " feels like rain " unless you are asked to by the NET CONTROL OPERATOR. PLEASE make your report concise, with a minimum of air time.
3) Please do not check in to the WIDE AREA NET on the 147.12 repeater unless you have been appointed a county liaison. BROWN COUNTY SPOTTERS use the 147.360 repeater for reporting. If that repeater fails, the 147.07 will be used as backup (available for use in late MAY)
4) If you have a interest in becoming a spotter, pleas contact SCOTT-KB9AMM or ANDY-KB9ALN and they will arrange to get you trained.
Submitted by ANDY-KB9ALN

FOX HUNT REPORT

The Tuesday fox hunt was held on APRIL 19, 1994, at 7:00 P.M. on 147.555mhz. The weather was sunny & clear with temp in the 50"s NICE welcome from the winter cold.
The fox hunt started by taking CHECKINS:

1st. JOE-N9LLA,TERRI-N9MPR,and BRIAN-KB9HXH
2nd.BOB-KA9BXG,DENNIS-N9LOK, and PAT-N9LPM
3rd .CHRIS-N9PAWwithJASON-N9PAV
4th. CATHY-N9FZL with GARY-ND9Z
5th. TODD-N9UGE with CURTIS-N9UFV (Appleton)

As the fox hunt started we gave clues as, The sun was going in the West; East of the Fox river; East of the East river. Later on used think - East town mall East.

First to find the FOX was: LARRY-KD9IA with CHAD-N9RPC, (hey - where did these guys come from? I don't remember them checking into the hunt. AH; A SILENT approach; TIME 26 mins.
2nd. CATHY-N9FZL and GARY-ND9Z; 33 mins.
3rd. SCOTT-KB9AMM with JILL (silent approach) 35 mins.
4th.JOE-N9LLA, TERRI-N9MPR, and BRAIN-KB9HXH 42 mins.
5t BOB-KA9BXG, DENNIS-N9LOK, and PAT-N9LPM 1 hr. 17 mins.
6th. CHRIS-N9PAW and JASON-N9PAV 1 hr 30 mons.
7th. TODD-N9UGE and CURTIS-N9UFV 1 hr 32 mins.

After everyone found the fox, we opened the goodies 7 soda. While the FOXES where breaking down the equipment we where visited by JOE-N9UPU.

THANK YOU FOR COMING OUT ON THIS HUNT.

GREEN BAY'S fox hunts are held on the first SUNDAY and the TUESDAY that follows the club meeting each month.

FOX CITIES fox hunt are held on the last SUNDAY and on the THURSDAY that follows their club meeting each month.

THANK YOU: DALE-WB9NRK & DANA-N9UGM
****

MORE REPEATER INFO

HELLO PAID CLUB MEMBERS:

I have as of this writing, everyone that is a paid member, has been assigned a password for the NEW system INSTALLED on the 147.120 machine. If you know that you have been missed, I apologize for the error, as it has taken a lot of time to get all the data between KEN-N9LSX; JOHN-KE9AS; and myself current and up to date. I also want to take time to thank everyone for patience with our problems we have been having.

Hopefully in the future we will be able to finish work on other aspects of this system which will further enhance our new machine and controller. The last problem we experienced was not WEATHER related and JOHN-KE9AS was able to fix it until I had a chance to get up and changed a few components, We currently are awaiting for a different cabinet to re-install the new system into; as this cabinet is not of proper design for our current needs.

In the future look for the delay board to be re-installed and will eliminate any SQUELCH tail you now hear and make this machine more pleasant to use. Also we will be hooking up the encoder tone on the TX AUDIO and at that time we will be putting PL on line FULL TIME. At that time you should be able to disable the PL without having PL on your transmit audio, enables you to use the system. Also during SEVERE WEATHER NETS, the PL, if needed will be able to shut off and the repeater I.D. will be changed with a proper voice file to inform users when the WEATHER NET is in progress.

I have heard some GOOD comments and some BAD, but it is the NEGATIVE comments that seem to always surface again & again and again. If I keep hearing NEGATIVE comments about why we always are working on the system or any system we have on the air, I will gladly turn in all my info and RETIRE promptly my affiliation with the repeater installation and upkeep. I myself have a lot of PATIENCE when it comes to NEGATIVE CRITICISM and can deal with it, but one can only take so much and it tends to help push the BURN-OUT further along.

Also anytime you ACCESS the CONTROLLER, PLEASE I. D. before you LOG on so we know if the proper person is LOGGING on, and you know if you entered the proper CODES, AS SOME PEOPLE ARE NOT USING THEIR I.D. -- IT WILL HELP ME WITH ANY PROBLEMS YOU -WE-US MIGHT INCUR DURING YOUR TIME ON THE MACHINE. Also for now LOG - OFF when done with the controller, as heavy use of the system does not allow the CONTROLLER to do it for you.
THANK YOU FOR YOU H-E-L-P !!!!
